

XXIII LVIV MEDICAL FORUM

4 - 6 April 2017

LVIV

XXIII medical exhibition

«GalMED»

Supported by:

Ministry of Health of Ukraine

Department of Health of Lviv

Regional State Administration

Dear partners and colleagues!

We invite you to participate in the Lviv Medical Forum!

The purpose of the Forum – is introduction of new technologies, materials, equipment, instruments and pharmaceutical in medicine, demonstration of modern methods of treatment, exchange of experience between specialists from different regions of Ukraine and abroad.

The Forum and the exhibition – is an event, which attracts scholars, experts, practitioners in various fields of medicine, representatives of renowned manufacturers. Over the years, this exhibition was the perfect place to promote innovations in medicine, treatment methods and advanced technology.

Within the Forum will be held a series of scientific conferences, lectures, workshops, practical demonstrations of new technologies and materials with leading experts and well-known manufacturers.
